

ArtixScan™ DI 1210

Powerful Software Pack

Microtek™ ScanWizard® DI

The Microtek™ ScanWizard™ DI is a new software product for supporting document-imaging system. It includes Microtek™ ISIS driver, Microtek™ ScanWizard™ DI DS, and Microtek™ ScanWizard™ DI control panel. The Microtek™ ISIS driver is used to be a bridge between ISIS application and Microtek™ scanner. The ScanWizard™ DI control panel is the user interface for both Microtek ISIS driver and Microtek ScanWizard™ DI DS.

The ISIS (Image and Scanner Interface Specification) is a modular extensible standard for the acquisition, viewing, data format conversion, printing, and storage of document images. ISIS was created by Pixel Translations, which markets and sells commercial-quality tools and services for ISIS developers.

Ulead® Photo Explorer included

The ArtixScan™ DI 2010 includes Ulead® Photo Explorer, a complete image management software package which allows files to be copied and pasted, or dragged and dropped to other programs. All multimedia files can be opened and used from within interface.

Flatbed performance

Type	Desktop color flatbed scanner
Configuration	Flatbed with built-in ADF
Document size	Up to A4
Flatbed scan area scanning	Max. A4 (8.5" x 11.7")
Optical resolution	600 dpi
Color depth	48 bit
	B&W mode: Lineart
	Grayscale mode: 8-bit
Interface	Hi-Speed USB 2.0
	Software Interfaces
Power supply	15V 2.5A

Auto document feeder (ADF) performance

Access To ADF	Front loading
Stack volume	50 sheets
Document size	Min. A6 Max. Legal
Main scanning	
Sub scanning	
Document Source	
Paper Basis weight	43g/m ² - 110g/m ²
Scanning throughput (Standalone)	- 200 dpi/ A4/ Line Art : > 12 ppm
	- 200 dpi/ A4/ Grayscale : > 12 ppm
	- 200 dpi/ A4/ Color : > 8 ppm
Recommended daily volume	up to 1,000 sheets

SPECIFICATION

Scanner Type
Flatbed ADF Scanner

Scanning area
8.5" x 11.7" / 216mm x 297mm

Resolution
600 dpi

Scanning Modes
Color, grayscale and black & white in a single scanning pass; 48-bit color input and output; 16-bit Grayscale

Interface
Hi-Speed USB 2.0

Scanning speed

- Higher than 12 pages-per-minute, at 200dpi, A4/line art
- Higher than 12 pages-per-minute, at 200dpi, A4/grayscale
- Higher than 8 pages-per-minute, at 200dpi, A4/color

Feeder Capacity
50 pages (A6/ A4/ LTR / Legal size)

Scanner Driver
ScanWizard DI provides ISIS / TWAIN driver

Dimensions

- 500 mm(L) x 290 mm(W) x 165 mm(H)
- 19.7" (L) x 11.4" (W) x 6.5" (H)

Weight
6.3 Kg (13.9 lbs)

Environment

- Operation temperature: 10C-40C (50F-104F)
- Relative Humidity: 20% to 85%

SYSTEM REQUIREMENT

- CD-ROM drive (for install software)
- Color monitor with 24-bit color capability
- 128MB RAM (256MB or more recommended)

PC and compatibles

- Pentium II PC or later with USB port
- Microsoft Windows 98SE, Windows Me, Windows 2000/NT, Windows XP

ArtixScan™ DI 1210

AFFORDABLE DOCUMENT IMAGING FOR YOUR HOME OR OFFICE

- Scan to PDF for secure archival or to Microsoft Word or Excel for editing
- High-speed scanning up to 12 PPM black and white
- True 600 dpi optical resolution and 48-bit color
- 50 page feeder handles Legal, Letter, A6 and A4 sizes
- Flatbed scanning area: 8.5" x 11.7" (216mm x 297mm)
- Hi-Speed USB 2.0 connection
- Fully ISIS/ TWAIN compliant through Microtek ScanWizard DI
- 2 programmable function keys for easy integration
- Over 21 years of scanning expertise

ArtixScan™ DI 1210

FULL COLOR SCANNING with high-speed document imaging capabilities

Affordable Document Imaging for your Home and Office

The unique ability to outperform everything in its class has made Microtek's ArtixScan DI 1210 an unprecedented success. Building on this same innovative technology, Microtek, as a imaging systems solution pioneer, now brings a new standard of price/performance to the home and office level with the ArtixScan

DI 1210—a high-speed, high-performance, document imaging scanner.

The ArtixScan DI 1210 is a 48-bit, with the Hi-Speed USB (2.0) interface. It supports TWAIN and ISIS drivers, features 600-dpi optical resolution, and has a throughput run of about 12 pages per minute.

Never before have so much advanced functionality, enhanced productivity, and superior reliability been offered in such a compact package.

Hardly surprising, though, considering the ArtixScan DI 1210's heritage.

Hi-Speed USB 2.0 connection

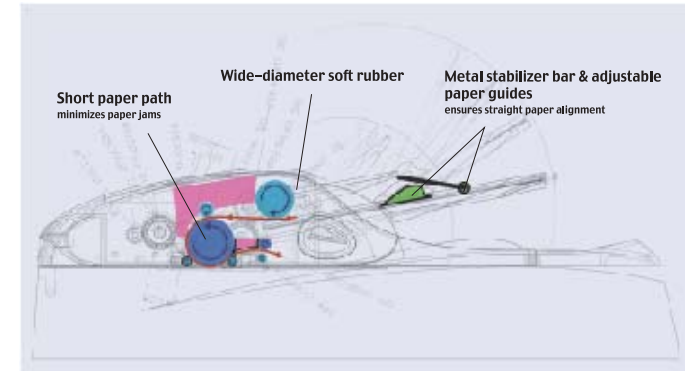

This feature can be satisfied with users, regardless of its interface is Hi-Speed USB 2.0. Microtek™ scanner has implemented the voluminous data transfer solution via USB 2.0, transmit-rate up to 480MB/sec. Moreover, It is compatible with USB 1.1 and new USB version in the future. You probably can't get any closer to plug and play. Our simplified drivers and bundled software will have you up and running faster than ever.

Efficient, Reliable, and Flexible ADF design

A sturdy metal stabilizer bar and adjustable paper guide ensure straight alignment for paper from A6 to legal size. Wide-diameter, soft rubber rollers provide a sure grip to minimize multiple or missed feeds.

With a shortened paper path, the ADF delivers virtually jam-free scanning. Efficient, Reliable, and Flexible. With our proven paper path design, you can count on thousands of hours of productive scanning.

Thanks to our document feeder, you can finally use "reliable" and "automatic" in the same sentence. Load up to 50 sheets at a time, in a wide range of sizes and weights.

Fully ISIS/TWAIN compliant through Microtek ScanWizard DI

The ArtixScan DI 1210 supports dual interfaces -- ISIS™ (Image and Scanner Interface Specification) and TWAIN. The Microtek ScanWizard DI is a new software product for supporting document imaging digitizing. It includes Microtek ISIS™ driver which is used as a bridge between ISIS™ application and Microtek scanner. In short, the ISIS™ is a modular extensible standard for acquisition, viewing, data format conversion, printing, and storage. Twain interface is widely used in the market, if your application program doesn't support ISIS, then use TWAIN instead..

Replaceable feeding pad module

The Feed Pad module is the only wear part you'll need to change, and it snaps into place in seconds. Best of all, you won't have to change it often -- each one delivers up to 90,000 scans.

2 Programmable Functional Buttons

The functional buttons of ArtixScan DI 1210 are programmable and the name of buttons are F1 and F2. Depending on the bundled software, the function keys have different definitions. The major channel of it is System Integrated provider and we will offer the soft code to integrate with the software that will bundle with ArtixScan DI 1210.

Affordable Price

ArtixScan DI 1210 is the lowest prices in the document scanner market segment with 12ppm scanning speed.
